ELITE PHOS 0-17-0-12

GUARANTEED ANALYSIS:

Total Phosphorus (P₂O₅) 17%

Total Sulphur (S)12%

PRODUCT FEATURE:

Elite Phos 0-17-0-12S is an organic granular fertilizer that provides the much needed Phosphorus and Sulphur. It is derived from rock Phosphate mixed with Sulphur and active compost for faster release of both nutrients, in plant available form.

WHAT IS IT:

Granules, Rock phosphate blend with Sulphur.

WHERE TO USE:

Cereals, Pulses, Legumes, most farm crops, and garden

WHEN TO USE:

To be used during seeding, in-furrow along with the seeds. For best results use in fall or early spring to allow time for Phosphorus to become available

DOSAGE:

Cereals, Flax etc: 30—40 lbs per acre

Peas & Legumes: 40—50 lbs per acre

For all other crops contact us for more details.
